MEMBER REVIEWS

Your Voice Matters

WE ARE THRILLED TO INTRODUCE A NEW SEGMENT IN OUR NEWSLETTER DEDICATED TO YOU: MEMBER REVIEWS & FEEDBACK. WE BELIEVE THAT YOUR VOICE IS INVALUABLE IN SHAPING OUR JOURNEY TOGETHER.

RECENT FEEDBACK FROM OUR MEMBERS:

Dear Marwa,

My family and I are so delighted with your (LLVC team as a whole) understanding to our dynamic situation regarding our prestigious membership at LLVC and to agree to the adjustments to our booking we have requested on return to our home country from the family holiday in Dubai.

We cannot wait to work closer with this dynamic team at LLVC and enjoy so much that this prestige membership offers to my family. We have never been this excited and we look forward to be of assistance and make your life easy in the future.

Your customer centricity is equal to none in the industry (the ability of LLVC to contextualize our family holiday portfolio predicament and be able to help us consolidate our luxury holiday needs within LLVC bring about a peace of mind with all our future holiday planning needs). You do not realize the power of a ONE-STOP shop portfolio that LLVC brings to my family – it is indeed very powerful and a hassle free luxury portfolio – a product we have been looking for in many years since we are invested in VOI since about 2007 to date (it did not take us long to recognize the supremacy of the LLVC product offering against the competition – since we are a well-travelled family).

On behalf of my loving family, we extend our deepest appreciation to you and the team at LLVC and wish that other families may get the similar superior service offered by the team at LLVC. I'm sure many of them are in same position as us and will soon enjoy the consolidation and the peace of mind it provides.

Regards,
Simo

Dear Nouhed,

Thank you for your email.

It was a great pleasure speaking to you on Monday. You're such a wonderful person and I thank you for making our dinner special.

Your endeavour has erased our doubts and made us proud to be members of the LLVC and I hope that we continue to encounter good people like you!

I am sorry that I couldn't stop by to say hello. Our taxi arrived just as I was about to look out for you.

Hopefully, I'll see you when next am in Dubai. Until then, do stay safe and look after yourself.

Thank you once again and best regards.

Best,
Yvonne
